If the *3WNO, LESB* and *XR* directories were removed, along with the *ASIA, ANIMATED* and *WCNB* directories, and all file listings and references to these directories, the remaining material could be made available. In consideration of the New Zealand Bill of Rights Act 1990 (NZBR Act), the Classification Office therefore offered excisions to remove the objectionable parts of the publication, and to restrict the remaining material to persons over the age of 18, which would be a justified limitation on the freedoms detailed in s14 of the NZBR Act, in terms of s5 of the NZBR Act. If the excisions were not agreed to as specified, *T&A#1 2 The Maxx* would be classified as objectionable.

The owner was given notice of this, but failed to confirm their agreement with the excisions within the given period.
